

Treat your students to an exclusive preview screening of a new Australian family film that offers learning opportunities plus heaps of end-of-term fun!

“As the credits rolled, I wiped away tears of joy from my eyes, my cheeks hurt from the obnoxious grin on my face... an all-time classic” - The Curb

H is for Happiness is a classic family feature film that will make audiences cheer with delight. It's the upbeat, heartfelt and colourful story of one unflinchingly honest twelve-year-old girl's determination to unite her family.

It stars Richard Roxburgh (*Hacksaw Ridge*), Emma Booth (*Jack Irish*), Deborah Mailman (*Paper Planes*) and Miriam Margolyes (*Harry Potter* franchise) as well as wonderful performances from talented youngsters Daisy Axon and Wesley Patten as the two central characters.

The film will be released in cinemas nationwide in early 2020, and is based on the critically acclaimed book 'My Life As An Alphabet' by Barry Jonsberg that is taught in many schools across Australia and has an existing fanbase of predominantly 10-13 year olds.

Detailed teachers' notes are available for both the book and the film, so whether you want to teach the book by itself, the film by itself or as a comparative assignment, the resources are plentiful and professional.

The book and the film are most suitable for Years 6, 7 & 8 - but be warned: adults may well find themselves gasping with laughter and tears!
